Family Tips

Asking children about their day helps you understand their emotional well-being and supports their growth. "How was your day?" often leads to a short response of "good". Extend the conversation with these questions:

- What was the best part of your day?
- Who did you play with today?
- What's something new you learned today?
- What is a mistake you learned from today?

Reminders

- Sign your child in and out daily.
- Keep three weather-appropriate outfits in your child's size in their cubby.
- Provide your child's current shot record.
